ing to kidnap his two little daughters Thomas Sheets, 421 Grave avenue, yesterday afternoon followed the trio to Dakota City and sought aid of Sheriff Hanson, of Dakota county, to prevent such action. After a conference the little girls, Laura, aged 8 years, and Revere, aged 6 years, were allowed to go to Neligh, Neb., to the home of their uncle, James P. Hayes in company with their elder sister, Edna, aged 17 years. Sheets is a coal heaver for the Milwaukee railroad. The mother of the children died three weeks ago, and since that time, according to the wayward stepdaughter, the squalor of the home has been intensified. The Peterson woman, who in her habitat is known as "Alice," declares she had pity on the children, who were not getting enough to eat, and wanted to get them placed where they would have the comforts of life. Yesterday afternoon she went with them to Dakota City and bought their tickets for Neligh. The father of the children was enraged when he put in an appearance at Dakota City and sought the assistance of the sheriff. He finally calmed down when the plan to send the children to their uncle's home at Neligh was made clear, and gave his consent. The tender manner in which "Alice," her eyes filled with tears, kissed the little girls goodby when she put them on the 5:13 o'clock train convinced the bystanders, at least, that she was in earnest in trying to get her little sisters into a good home.

Some might have thought our ball team was whitewashed, but no, we were "all a different shade" owing to the amount of Walthill real estate we carried home on our persons. Any way we had a good time and sang all
